

Kitchen Rules

When you leave the kitchen be aware that other people are using this space too.

Wash, dry and put away all dishes.

Do not leave any food or beverages in the refrigerators.

Wash all the counter top surfaces.

Check the ovens to see that they are off.

Unplug the coffee machine.

Lock all the cupboards; key is in white box attached to refrigerator.

Take home any dishtowels and tablecloths that have been used. Launder and return.

The faucet in the sink is a problem. The handles have to be turned to the outside position so that pressure on the faucet is off.

If you have any suggestions or find that supplies are needed please contact the [Kitchen Committee](#).
