

*Discover and discuss....*

**DEEP**

**Green** with Rev. Chip

**Sundays: Feb 19 and 26<sup>th</sup> noon-3pm**  
**Fireside Room**

We will view and discuss the DVD, “**Deep Green**,” which points out some interesting things about global warming and how we can help to make its impact lighter on the planet. A light lunch is provided. The plan is to make this a positive conversation with an eye towards what we could do as a religious community to join in and help.

**REGISTER by Feb. 15<sup>th</sup> to [dre@uumarin.org](mailto:dre@uumarin.org)**

Childcare provided with advance registration
